Dear Ms Malenica,

On behalf of the organizers of the international workshop on Crisis Management and the Politics of Reform in Central and Eastern Europe, I would like to thank you for attending our event and for sharing your thoughts with us. I think the workshop was a thought-provoking and successful forum and we are certainly looking forward to continuing the exchange of ideas in the future.

In order to share what we have learned from our participants with everyone who attended, the Institute for Public Policy Research will soon be sending you both a summary of the workshop and a proposal concerning the accessibility of the presentations.

Yours sincerely,

Tibor Navracsics  
Deputy Prime Minister  
Minister of Public Administration and Justice
